Application No. 10/033,777

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received at the Board of Patent Appeals and Interferences on June 15, 2005. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

We were unable to locate a copy of the translation for the Roemisch (JP 02000023696) reference relied on by the examiner on page 4 of the Examiner's Answer mailed March 9, 2004.

Accordingly, it is

ORDERED that the application is electronically returned to the examiner to:

- have a complete copy of the of the missing translation of the Roemisch (JP 02000023696) reference scanned in the administrative file;
- provide a copy of the full translation to the appellants; and
- for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the appeal (i.e., abandonment, issue, reopening prosecution).
